2016 WALK FOR LIFE PLEDGE SHEET

SonRays Ministries provides prayerful and loving care to women, men and extended families who are in need of pregnancy care assistance. With the love of Christ and His Word we walk them through their pain to a life-changing relationship with Jesus Christ. The journey involves long-term mentoring, prayer, Bible Study, childbirth classes, labor and delivery support, healing workshops and fellowships. It is our desire to continue to provide vital education on the value of life and chastity to not only the Church but also the community. SonRays goals are to continue to look to God for the molding and shaping of this ministry. Your support of this "Walk" will make you our partners. *This summer the Walk proceeds allow children an opportunity to enjoy Backyard Bible Club Activities and for women to Study the Word of God and discover Him who brings healing, love and life. God bless you richly for your support!*
